RE: June's OHV Meeting Cancelled

CVAG's OHV Enforcement Task Force Program is on hiatus . . .

until we receive additional funding. CVAG has submitted a grant application to BP-AQMD. A review committee was supposed to meet this month to review and make recommendations. Due to the oil spill in the Gulf, BP officials asked that the review be moved to mid-July. If CVAG gets a recommendation, then approval won't be done until the first part of September. Funding would then occur late Sept-early October. We do have a representative from the State OHV Division that is coming to the Desert in late August. The rep will talk about programs and funding opportunities.
